

■ Brett and Kelli Blait, Jim's Pool Care Bayside Franchise Owners

Get the Pool ready for Summer

Jim's Pool Care has arrived in the Bayside and are helping customers get their pools ready for summer by offering a free 82 point pool equipment inspection for the month of November. This will ensure pools are safe for swimming and that equipment will last the season.

Jim's Pool Care make it easy and come to you using state-of-the-art equipment to test and balance your pool, giving you more time to enjoy your weekends.

"A safe and inviting swimming pool has two aspects," says local Jim's Pool Care Franchisor Brett Blait.

"Water must be properly balanced throughout the season to ensure swimmer

safety but maintenance of your pool equipment is just as important," says Brett.

"A clear pool doesn't necessarily mean that it's safe for swimming and it's recommended that pool and spa owners have their water tested regularly by professionals."

Jim's Pool Care prides themselves on customer service, being on time and doing that little bit more for clients. They provide the full range of pool and spa services from regular and casual cleaning, to equipment installations and sales.

Servicing the Bayside suburbs right now you can call Jim's Pool Care for prompt reliable service on 131 546.
